

HEAD START  
EARLY HEAD START

## Activity Evaluation

Written instructions that support the child's Head Start/Early Head Start experience and curriculum should be listed below or attached to this sheet.

**Name of Activity:** Building Daily Responsibility

**Teacher's Written Instructions:** Responsibility and independence are big steps for your child's ability to take care of their own needs. Work with your child on the activities listed on the provided chore charts. Once your child has completed these activities with you correctly for about two weeks, start asking your child to complete the activities on their own each day. Once your child has completed a task have them either color in the rectangle or give them a sticker to place inside the rectangle that corresponds to the day and chore. Have your child complete each task each day per self.

This activity helps your child strengthen their relationship with you as well as build their independence and self-confidence.

Obj. 1b, 1c, 2a, 8a, 8b, 11a, 11d, 12a, 29, 30

**If you have any feedback about this activity, you can send feedback to [tbezy@pacecaa.org](mailto:tbezy@pacecaa.org) or your child's teacher.**

What did you and your child like about this activity?

What did you and your child not like about this activity?
