

Activity Name: Fruit Loop Rainbow Pretzel Patterns

Instructions: Have your child create a color pattern by putting fruit loops onto a pretzel stick. Sort the fruit loops into different color categories, identify each color, count the fruit loops, compare/contrast the number of fruit loops in each color category, & talk about the shapes of the different food items. When you are done you have a yummy snack!

Learning Objective: Increases fine motor dexterity needed for manipulating writing/drawing tools, enhances mathematical & cognitive skills such as counting, quantification, comparison, patterns, spatial relationships, & classification.

TSG Obj.: 7a,13,20a,20b,21a,21b,23
