

Head Start & Early Head Start: a no-cost education program for low-income children ages birth through 5 and their families. Services provided include education, health, parent involvement activities and social services for the entire family as well as, special services to preschool children with recognized disabilities.

Head Start Services

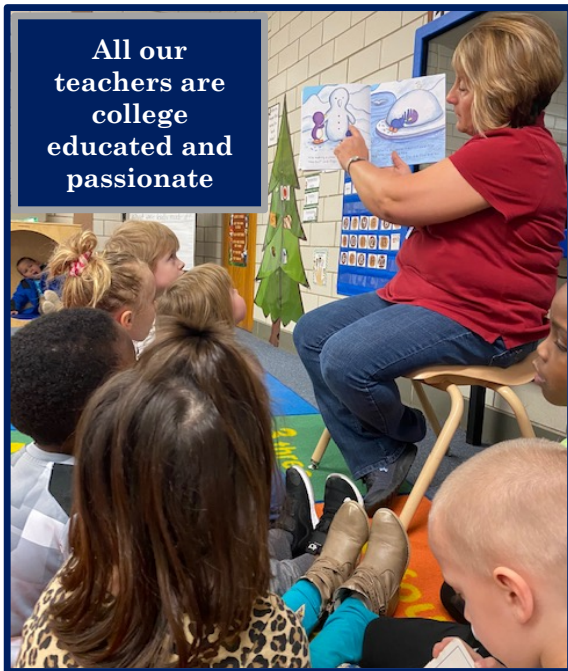

Children are introduced to many educational programs and will learn new things such as number and language skills that will prepare them to enter kindergarten. A learning plan is developed for each child to fit their specific needs.

Children receive health screenings and information.

Good nutrition is a high priority at Head Start. Nutritious meals are provided to every child. Nutrition education is also taught to children and parents.

Parents are the most important person in a child's development. They are involved in program planning and decision making, and are encouraged to participate.

No-cost programs for children (ages 0-5) designed to start the love of learning

Options:

Center-Based– Head Start classrooms meet Monday-Thursday from 8am-3pm.

Home-Based– staff visit children & parents in their own home for 1 ½ hours weekly with group socialization 2 times a month in the classroom or on a field trip.
