

Activity Name: Hide the Toy

Instructions: Set out a cup (two or three can be used with older toddlers) and turn it upside down with a toy inside. Have your child find the toy. Talk to your child about different positional words as you move the toy to match the position such as: in, on, under, up, down, beside, between, in front of, and behind. If your child is a toddler, work with him/her on placing the toy in each position as you say them.

Objectives: Attends and Engages (11a); Follows Directions (8b); Understands Spatial Relationships (21a)

Be sure to supervise your child during any activity
