

Activity Name: Row, Row, Row Your Boat

For this activity for a toddler find a box, a basket, or a tote for your child to sit in. This will increase their imagination. Hold your toddler's hands and begin to rock like a boat. For a baby do the same, hold hands begin to rock back and forth. This should be simple because your baby is possibly going through a stage where they love to rock. Sing the song "[Row, Row, Row Your Boat](#)" and after each verse sing the next a bit faster while speeding up the rocking.

The goal is work on these: Obj. 6. Gross motor manipulatives skills, 7a. Uses fingers and hands, 9b. Engage in conversations, 10a. Uses social rules of language
