Activity Name: Going on a bear hunt

Instructions: Place a teddy bear in your front window for Head Start families to see. Take your kid for a walk or a drive around the neighborhood looking for bears. You can pretend that you are going on a bear hunt. Count the bears as you find them and see how many you can find on your trip. Encourage friends and family to place bears in their windows to add to the fun. This goes along with a song and book that you can view on youtube.
